# Patrick CHEATS ON MILEY!

NEW PHOTOS OF PATRICK SCHWARZENEGGER CANOODLING WITH A SEXY BRUNETTE IN MEXICO LEAVE MILEY CYRUS CRUSHED.

**J**UST last week, they were talking marriage. But now it seems that **Patrick Schwarzenegger** isn't as serious about **Miley Cyrus** as she is about him. The USC sophomore was photographed cozing up to a hot, bikini-clad brunette on March 15, during a booze-fueled spring break outing in Cabo San Lucas, Mexico. Patrick, 21, was seen with his arms wrapped around the girl's waist, her arms encircling his neck, and their faces scandalously close to each other. Later, cameras captured the pair holding hands and walking arm in arm. Patrick even did body shots off the young beauty!

While Miley, 22, hasn't commented publicly on the distressing photos, Patrick was quick to deny that he was cheating on his pop-star flame. "Omg. It's one of my best friends girlfriend..." he tweeted the day after the shocking photos were snapped. "Would NEVER do anything against my GF."

But sources say that Miley isn't buying Patrick's story.

"She's totally destroyed by this," says an insider. "Guys with girlfriends don't do body shots off of other women!"

## MILEY'S WORST NIGHTMARE

Miley had her heart broken in 2013 after getting dumped by fiancé **Liam Hemsworth** amid rumors that he'd cheated. So when she and Patrick started dating, it took him a long time to earn her trust. But ever since November 2014, when they first went public with their romance, the couple have appeared to be blissfully in love, with Miley going to great lengths to tone down her raunchy image to gain the approval of Patrick's mother, **Maria Shriver**. "The fact this happened just days after Miley had dinner with his mom in L.A. only makes this worse. She really put her heart on the line for him," the source explains. "But now Miley won't return Patrick's calls. Their whole relationship is in ruins, and it's going to take a long time before she trusts another man again." ★

## KAITLYN BRISTOWE PHONIEST BACHELORETTE EVER!

TALK ABOUT TWO-TIMING!  
THE SASSY CANADIAN HAD A  
HUNKY BOYFRIEND BACK HOME  
WHILE SHE WAS ROMANCING  
CHRIS SOULES ON *THE BACHELOR*.

**T**HE biggest news about this May's new season of *The Bachelorette* is not the fact that, for the first time ever, there will be two women — **Kaitlyn Bristowe** and **Britt Nilsson**, recent favorites from *The Bachelor* — facing off for the men's affections. The biggest news, as *Star* has learned exclusively, is that Kaitlyn was already involved in a serious relationship while she filmed *The Bachelor* last fall...and she returned to her boyfriend before she began filming *The Bachelorette*!

Kaitlyn, 29, has been dating handsome firefighter Trevor Partlo, 27, for a year in their hometown of Vancouver, a friend of the couple tells *Star*. "She loves being in the spotlight, and Trevor knows it," says the friend. "When she

signed on to *The Bachelor*, Trevor told me, 'She's just doing it to get famous. It doesn't mean anything. She'll come back, and it'll be life as normal.'"

When Kaitlyn, who was one of **Chris Soules'** top three finalists, returned home, "she told Trevor, 'The whole thing was a joke — I only saw Chris, like, nine times,'" the friend claims. "But she admitted to another pal that she and Chris had been 'intimate.' And now that she's on *The Bachelorette*, that could be the end for her and Trevor.

"I know Kaitlyn has told Trevor in the past that she loves him. She's a free spirit, but she can also be very manipulative. And I have no doubt that actually finding a husband on *The Bachelorette* will be the last thing on her mind." —ALEX BURTON ★

## SAUCED SCOTT GOES TO REHAB!

After years of boozy binges, *Keeping Up with the Kardashians* star **Scott Disick** is finally getting help. On March 16, the 31-year-old father of three checked into Rythmia Life Advancement Center in Costa Rica. There, he'll treat his alcoholism with ibogaine, a controversial drug derived from an African root that's banned in America. "While I have been unconvinced in the past of treatment and therapy methods, Rythmia's rehab approach puts my worries at ease," he said in a statement. "I am looking forward to starting my therapy and iboga treatment there." This came after an alcohol-fueled weekend in Atlantic City, where he downed shots of tequila until 8 a.m. and was seen stumbling around his hotel lobby barefoot. Fed up with her baby daddy's antics, **Kourtney Kardashian** hit him where it hurts. "Her family talked her into freezing Scott's credit cards and bank accounts," divulges an insider. "They were all fed up. Money is really the one thing that he'll respond to." Cash...and **Kendall**. Scott's friend tells *Star* it was really his feelings for Kourtney's little sis that impelled him to get sober. "He really takes what Kendall says to heart," says the source. "So when she called and asked him to get help, he decided he wanted to be a better man for her. He made arrangements and flew out." ★

## KELLY CLARKSON'S SECRET DIET DREAMS

**Kelly Clarkson** has brushed off jabs about her ballooning weight — including British TV personality **Katie Hopkins'** snipe, "That is no longer baby weight. That's carrot cake weight!" — but sources tell *Star* Kelly has decided to slim down. "Kelly doesn't care about the hecklers," explains a friend, "but she knows that being heavy is hard on her joints and will make it difficult for her to perform." And Kelly, who welcomed daughter River Rose last summer, may have a tour in her future, given that her new album, *Piece By Piece*, debuted at No. 1! "Kelly lost 30 lbs. when she started dating her husband [**Brandon Blackstock**]," adds the pal, "so she knows she has it in her to do it again." Behind those hazel eyes? Steely determination! ★

## CARA & NAOMI'S CATFIGHT!

Worst week ever? Not only did **Cara Delevingne's** purported party-girl ways reportedly get her banned from nearly every designer's runway, she also made a powerful new enemy in legendary supermodel **Naomi Campbell**. "Naomi accused Cara of 'disrespecting' their friend **Rihanna**," recounts a source, who saw the pair yelling and shoving each other. "Cara [even] pulled Naomi's weave, but it didn't come off," says another spy at Castel nightclub, where the models were on hand for a *Garage* magazine party. A friend close to Cara says she'd done nothing to deserve Naomi's wrath. "Cara had absolutely no idea what she said that could have set Naomi off," an insider dished. "Naomi has such a short fuse; poor Cara was probably just in her line of sight when Naomi was angry about something." So much for model behavior! ★

# Paris Fashion Week

ALL THE GOSSIP FROM THE FRONT ROW

FASHION

## JARED SNUBS KRIS

Being newly blonde is about the only thing **Jared Leto** wants to have in common with **Kim Kardashian** or her family. The hunky actor was so irked sitting by Kim's mom, **Kris Jenner**, during the Lanvin show, he left early! "She was talking Jared's ear off and kept pulling him in to take selfies with her," snipes an eyewitness, adding that while Jared made a French exit during the show, he ended up sitting next to Kris *again* at that night's Balmain dinner! "She almost trapped Jared into talking for hours, half joking that she'd die to have him as a son-in-law or, better yet, her boyfriend!" adds the fashion insider. "It freaked him out, and once again, he left the party early because he couldn't stand talking to her. He thinks she's nuts!" ★

## GIGI THE ANTI-DIVA!

The *Real Housewives of Beverly Hills* star **Yolanda Foster** must be one proud mama. *Star* has heard that her 19-year-old model daughter, **Gigi**, was the belle of Paris Fashion Week! "Gigi is a delight," says a source at the scene. "She's been so successful so quickly. It'd be easy for her to get a big head, but she's so polite, never complains and will help in any way."

## SELENA SEDUCES OWEN!

**Selena Gomez** is vying for a role in *Zoolander 2* after flirting up a storm with **Owen Wilson** during Paris Fashion Week. The singer, best known as **Justin Bieber's** ex, feels like a cameo alongside Hansel and Derek could change that. "She sent a few flirty texts gushing that he was so funny and brilliant to pop up in the Valentino show and said, 'If there is a role for me, I'm in,'" dishes a Paris source. "They exchanged a few jokes, and Owen said he'd see what he could do." Watch out, Selena. When it comes to breaking hearts, the Butterscotch Stallion can trample circles around Bieber! ★

## BROKE SNOOKI'S CRAFT CATASTROPHE

Turns out “drunken Guidette” isn’t so impressive on a résumé. So now that **Nicole “Snooki” Polizzi**’s 15 minutes of *Jersey Shore* fame — and money — is dwindling, she’s embarked upon a questionable new career: selling paper bags on the Internet! Customers who stumble upon her Etsy store, Nicole’s Craft Room, can purchase a set of three lunch bags scribbled with the *Bridesmaids* joke “Help me, I’m poor” for a cool \$8. Was Snooki describing herself? “Bridesmaid bags PERFECT for the bachelorette weekend! BAG ONLY,” she captioned the item. “Snooki is having a lot of fun making these things,” says an insider, “but the idea that people would actually buy scribbled doodles on paper bags is outrageous!” ★

KEVIN BACON

## A REAL SWINE?

It’s a case of life imitating art for *The Following* star **Kevin Bacon**. “He plays a miserable detective who is always unhappy, and since he’s a Method actor, he stays like that once the cameras stop rolling!” says an on-set spy. “The cast and crew are left to deal with his wrath.” The tense thriller follows his character, FBI agent Ryan Hardy, trying to catch serial killers, but it’s Kevin who has them all terrified! “He has everyone from makeup to catering on eggshells because he’s so grouchy,” says the insider. “It’s not like Kevin, but he’s had to keep himself in a bad mood to play his character.” ★

## FEARS

### FOR “FRAGILE” MATTHEW PERRY

Could he be any unluckier? Ever since *Friends* ended, **Matthew Perry** has tried in vain to replicate that success, but it looks like his latest venture, *The Odd Couple*, is crashing and burning. “He’s worked like crazy for two years on this show,” a source close to the sitcom tells *Star*. “Matt knows this is probably his last shot at a TV show. The poor ratings have totally devastated him.” He should be used to it by now; his past two shows, *Go On* (2012) and *Mr. Sunshine* (2011), were axed after a season. “As a key writer and the lead actor, he’s taken every scathing review personally,” the insider explained. “He’s in a really bad state of mind.” ★

# Star COUPLE

The latest hookups, breakups and makeups

The pair soaked up the sun in Malibu on March 14. Chris spent time surfing, while Kate worked on her tan.

WHAT ABOUT JEN?

Kate & Chris

# DATING?

The duo's kids all played together during the fun day out.

## The old friends take their relationship up a notch.

**K**ATE HUDSON and Chris Martin just threw Hollywood for a loop. After the pair were spotted getting cozy during a relaxing day at the beach earlier this month, *Star* can reveal they've secretly been dating for weeks! "It's still new," spills a close insider, "but they're very into each other."

The couple, who weren't shy about flirting in front of the paparazzi, turned their day date into a family affair. Kate brought along sons Ryder, 11, and Bingham, 3, while Chris brought his kids Apple, 10, and Moses, 8. "Showing up together on the beach was their way

of going public," says the source. "They knew they would attract attention."

While the romance may come as a shock to the public, friends say it has actually been a long time coming. Kate, 35, and Chris, 38, have been good pals for years. In addition to bonding over parenthood, Kate and Chris were also there for each other during their very public breakups. The *Good People* actress split from Muse frontman **Matt Bellamy**, 36, in December, while the Coldplay singer famously uncoupled from **Gwyneth Paltrow**, 42, last March. Chris also recently broke things off with

his on-again, off-again girlfriend of seven months, **Jennifer Lawrence**. "She really wanted things with Chris to last," says the pal, who adds that the actress, 24, is currently on the other side of the country filming her new movie, *Joy*, in Boston. "She's devastated."

For now, the pair seem to be enjoying each other's company without worrying about the fallout from their exes. "It's been awkward between Kate and Gwyneth, especially because they were good friends," explains the insider, "but everyone is trying to move on. Chris is really happy." ★

# *Eva & Ryan* BATTLE OVER BABY

**E**VA MENDES is ready for the spotlight (or just regular sunlight). The brunette beauty and her boyfriend of three and a half years, **Ryan Gosling**, are currently at war over how much they should expose their 6-month-old daughter, Esmeralda, to the celebrity world. Eva, 41, who stayed completely under the radar while she was pregnant, is itching to go on more outings now that their tot is a little older, but Ryan, 34, doesn't want her life to turn into a media circus. "He sees how **Kim Kardashian** and **Kanye West** treat their daughter, North," explains a pal. "She's just an accessory to them, and he refuses to do the same with Esme." While the *Lost River* actress agrees with the hunky actor to a certain extent, sources say she's getting tired of the military-like security he demands they have. "Eva just wants to go out and do normal things with Esme, especially since she stayed in the house for so long," continues the insider, "but Ryan is being difficult." Hey boy, lighten up a little! ★

## *Jason* CLASHES WITH OLIVIA'S EX

**Olivia Wilde's** ex-husband, Italian prince **Tao Ruspoli**, is taking the term "friendly exes" a little too far. The filmmaker, 39, who was married to the *Lazarus Effect* actress, 31, from 2003 until 2011, is starting to cause friction in her current romance with fiancé **Jason Sudeikis** — because he's in constant contact with his former wife. "Every time something doesn't work out, whether it's professionally or personally, he turns to Olivia for comfort," a friend tells *Star*. "He'll call at random times without any notice, and she'll talk to him for hours." And now Jason, also 39, who is dad of son Otis, 11 months, with Olivia, is sick of it. "Olivia needs to tell Tao to back off, but instead she's waiting for him to find someone new to settle down with," dishes the pal. "He's really imposing on their family life, and it's become unhealthy." ★

## *Jake To Dakota:* I WANT YOU BACK!

Inner goddess, rejoice! Four years after **Dakota Johnson** and **Jake Gyllenhaal** had a brief, two-month fling after meeting at **Sting's** birthday party in New York City, the actor wants another chance. Jake, 34, whose romance with his *Constellations* costar, **Ruth Wilson**, 33, recently fizzled out, has been showering Dakota with sweet messages and flowers. "His crush on her never went away," dishes a source. But the *Fifty Shades of Grey* actress, 25, who ended her romance with **Matthew Hitt** over the holidays, has yet to give in to his sweet gestures. Maybe if he drew up a contract? ★

★ *Split!* Dancing with the Stars alum Karina Smirnoff and her fiancé of

## LeAnn's SMART HOUSE WATCHES EDDIE

**LeAnn Rimes** has eyes everywhere! The singer, who has been married to **Eddie Cibrian** since 2011, recently jetted off to London on a 10-day business trip, but not before mistress-proofing the couple's Hidden Hills, Calif., home. As *Star* previously reported, LeAnn, 32, is terrified that Eddie, 41, will cheat on her when left to his own devices, so she's installed cameras that, in addition to monitoring their home security, send her laptop and cell phone alerts if their garage door is opened. "LeAnn can see what cars come in and out, as well as what cars drive past on the street out front," dishes a source. "And if she wants to check if Eddie's car is in the driveway, she can." ★

## Shia & Mia ENGAGED!

**Shia LaBeouf** is growing up. The sometimes unhinged actor has settled down in at least one part of his life, having recently popped the question to **Mia Goth**. "Shia is so happy she agreed to marry him," gushes a source close to the couple. "They couldn't be more in love." The *Fury* star, 28, who began dating Mia, 21, in 2012 after meeting on the set of *Nymphomaniac: Vol. I*, presented his lady love with a modest rock while on a recent getaway. And the London-born actress wasted no time in showing it off. Mia was photographed wearing her ring when the couple flew into LAX on March 9 following their romantic trip. While no wedding plans have been made yet, pals say Mia might need a baggy dress to accommodate a baby bump! The two were recently spotted visiting Cedars-Sinai Medical Center, which is a Hollywood maternity hotspot. ★

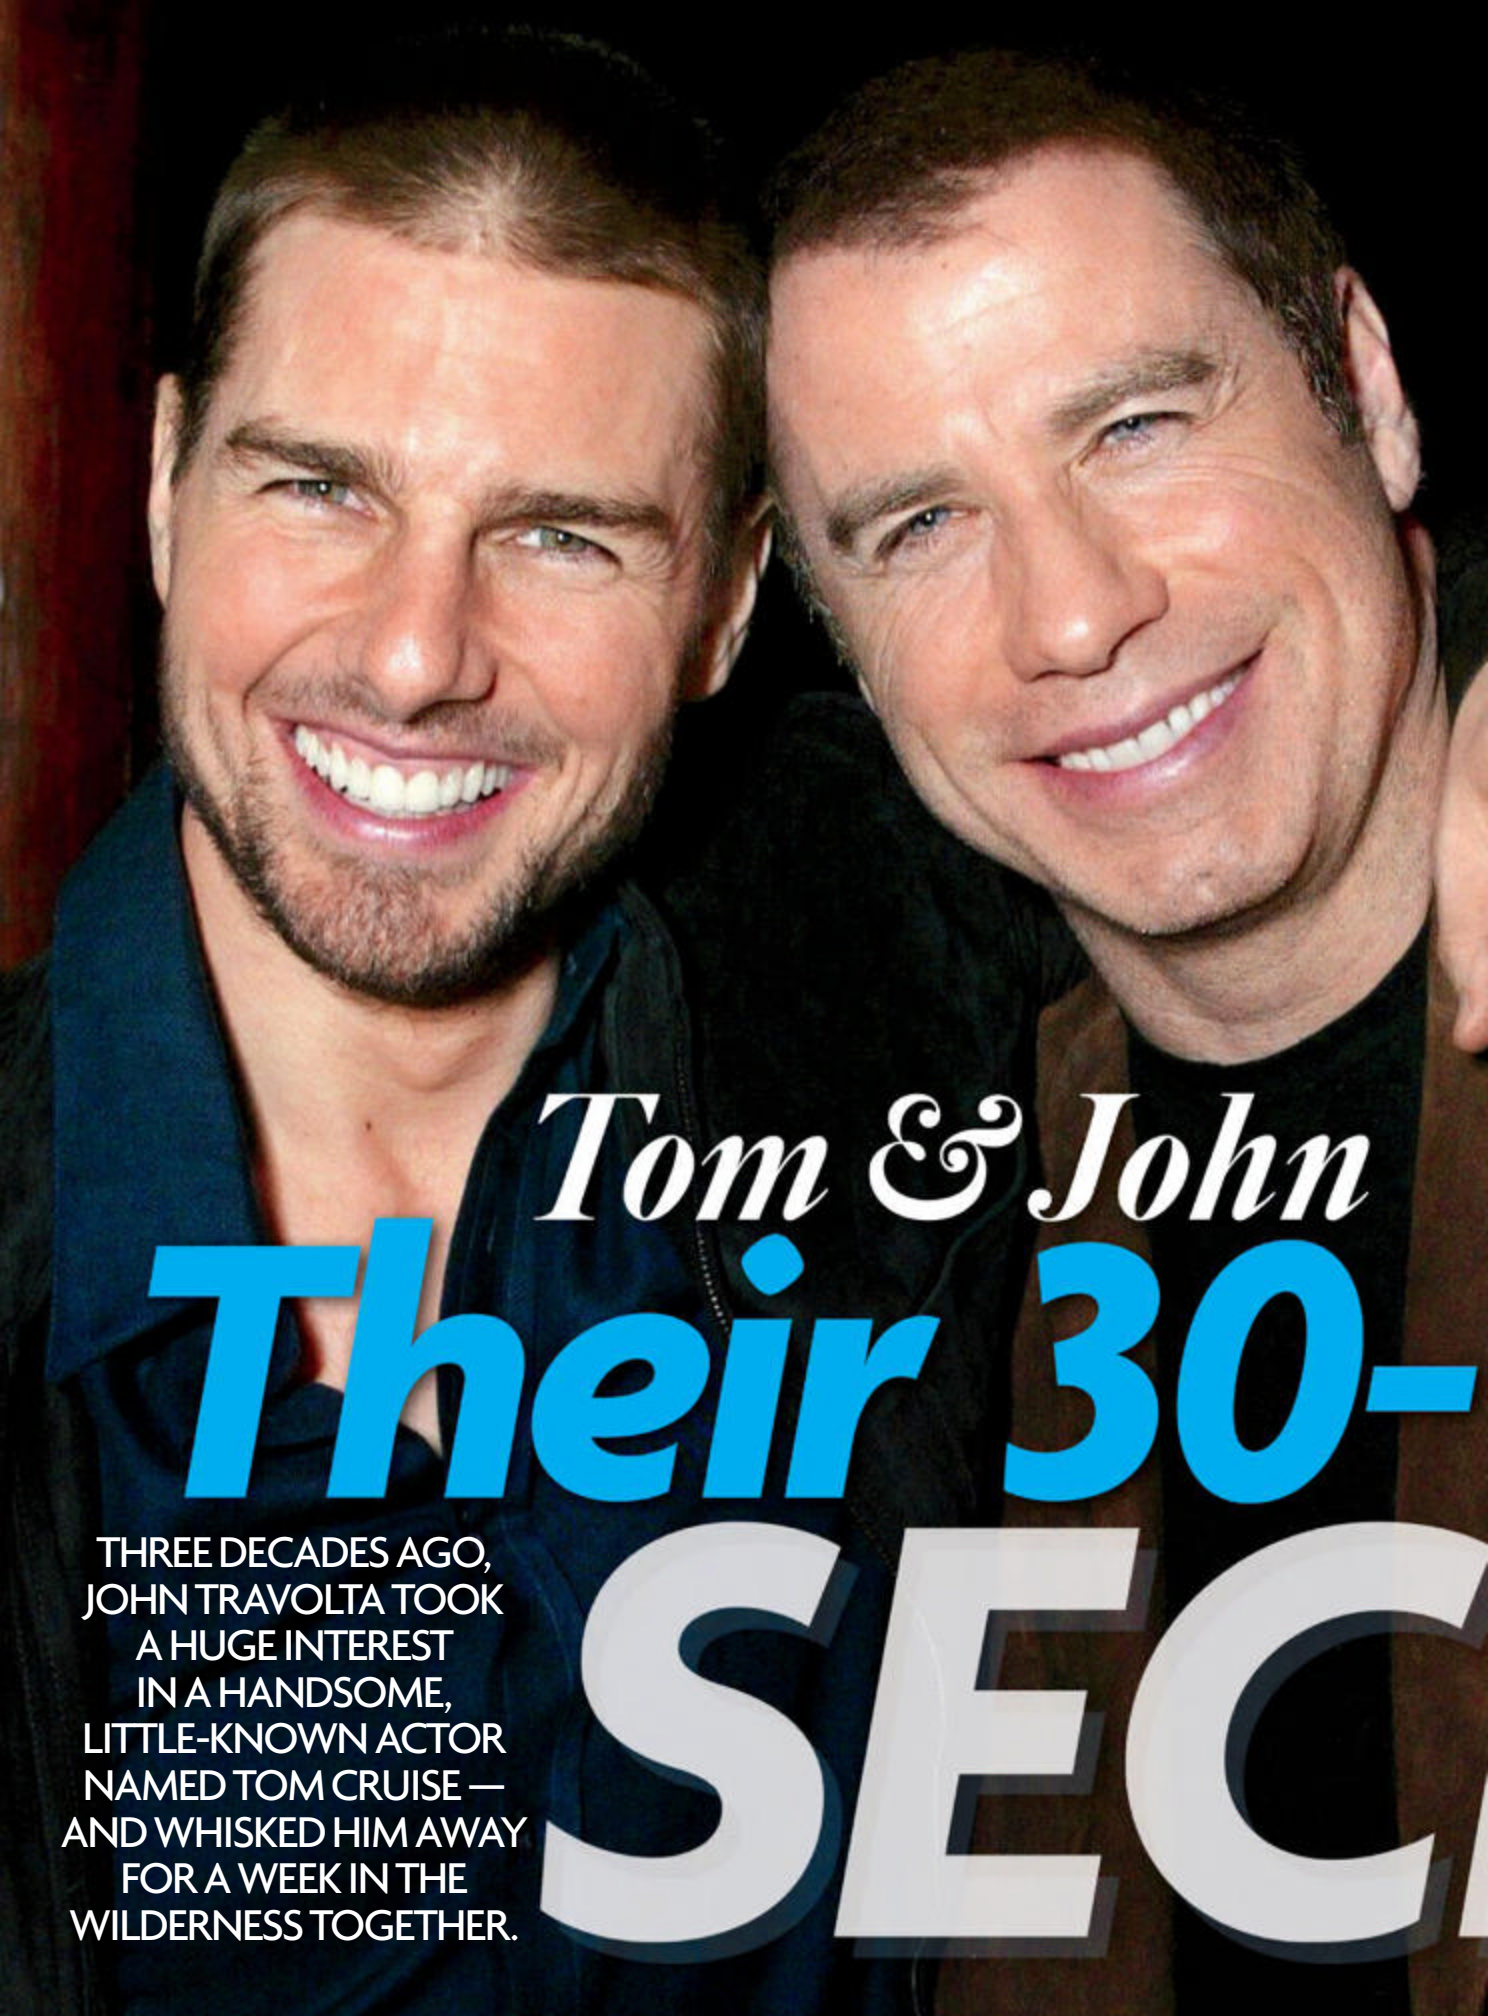

## Josh & Kat: THE MEAN COUPLE

Why you gotta be so rude? **Josh Groban** and **Kat Dennings** have been dating for less than a year, but the giddy feelings of a new romance haven't softened their personalities. *Star* can reveal that the duo, who got together last October, have quickly established themselves as a bitter couple who are extremely mean to people. "Josh is rude and short-tempered, which is why he and Kat get along so well," explains a friend. "She's the exact same way." While the singer, 34, comes across as a grounded guy in the media, pals say he's always had an ego. "Even as far back as high school, Josh has been stuck-up," continues the insider. But the *2 Broke Girls* star, 28, seems to be his perfect match. "She's unpleasant for no reason and is dismissive to her entire crew," spills a set source. "They deserve each other." Ouch! ★

## THEIR PERFECT FRIENDSHIP

John had hit the gym at a Scientology facility in Oregon in preparation for his 1985 flick *Perfect* (above left), a source tells *Star*. When John's new friend, Tom, was signed to star in the 1986 movie *Top Gun* (above right), John offered to fly Tom to the same Oregon facility in his personal jet so he could get the feel of being a pilot — and they worked out there together for a week, the source claims.

# RET

**T**HE buzz is on for *Going Clear: Scientology and the Prison of Belief*, the upcoming HBO documentary (airing March 29) that promises a provocative look behind the workings of the controversial church and its teachings. But one revelation that won't be in the film — and which *Star* has exclusively learned — is the shocking genesis of the relationship between Scientology's two most famous followers, **Tom Cruise** and **John Travolta**.

Tom had just turned 21 when *Risky Business* was released in the summer of 1983. In it, Tom plays a high school student going wild with his friends at his family home while his wealthy parents are away on vacation. At one point, Tom — sporting a shirt, socks and underwear but no pants — dances around the living room while lip-synching to **Bob Seger's** classic anthem, "Old Time Rock and Roll." The movie was a sleeper hit, with Tom's pantsless performance becoming the film's lasting image. The role earned Tom a Golden Globe Best Actor nomination — and caught the eye of John, then 29, who had exploded on the Hollywood scene himself just six years earlier in the blockbuster *Saturday Night Fever*.

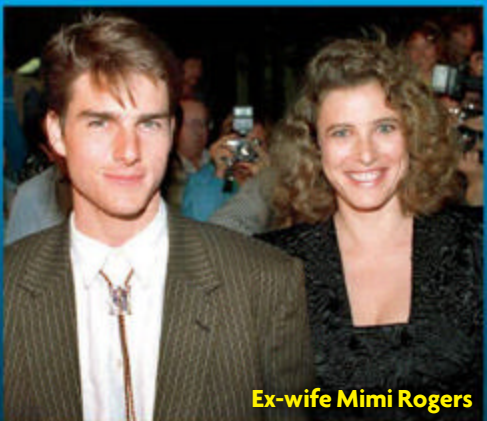

"John literally became obsessed with Tom after seeing him in *Risky Business*," a source close to Travolta tells *Star*. That obsession eventually led to one of showbiz's most talked-about friendships, as both superstars became Scientology's celebrity figureheads — and faced rumors questioning their sexual orientations. And it all started, claims the source, with a week of bonding between the hunks in the woods of Oregon 30 years ago.

### A FIRST-RATE FIRST IMPRESSION

In 2012, John's longtime personal assistant, Joan Edwards — who worked for the actor from 1978 through 1994 — made news when she reportedly told an interviewer, "I did everything for him, including taking care of his personal and professional schedules. Of course, I knew he was gay. It never bothered me."

It's not known whether it was Joan or another professional or personal acquaintance who helped John, now 61, set up a meeting with Tom, now 52. But the source tells *Star*: "John long had the habit of wanting to be introduced to hot new male stars whose work he admired — he told me he was interested in meeting [the late] Brad Davis and Christopher Reeve after he saw their respective 1978 movies ▶

## DID JOHN INTRODUCE TOM TO SCIENTOLOGY?

Ex-wife Mimi Rogers

Delphian School

It's been widely reported that Tom Cruise was first introduced to Scientology by Mimi Rogers during their marriage, which lasted from May 1987 to January 1990. But the source close to John Travolta believes John turned Tom on to the religion during their 1985 getaway to a facility in Oregon — most likely the Delphian School in the town of Sheridan.

*Midnight Express* and *Superman*. And after seeing Tom strut his stuff in *Risky Business*, John had his people contact Tom's reps to explain how John was eager to meet him. Tom was flattered, apparently, and they eventually agreed to meet for dinner at an upscale French restaurant in Beverly Hills."

After the meeting, the source claims, "I heard that all John talked about was Scientology and planes — and that Tom seemed bored."

### MUSCLING IN

There apparently was *some* spark of friendship behind the scenes between the two hunks, claims the source, because arrangements were later made for the duo to have an

worked out before he began filming *Perfect*," the source tells *Star*.

"John told Tom that he could get in shape there for his movie, just like John had, *and* learn some basics firsthand about flying a plane from him and his pilot. Tom loved the idea, and the next thing you know, they were spending a week at the location. When John returned, I asked him how it went, and he gushed, 'Fantastic! We had a lot of fun working out.'

"I'm sure if John had any designs at the time on involving Cruise in anything more than a regular friendship, it would have come as a complete surprise to Tom."

### TOM GETS RELIGION

The source tells *Star* that the location of John and Tom's Pacific Northwest grunt-

## FRISKY BUSINESS

TOM HAD A KINKY SEX SCENE WITH JOHN'S WIFE, KELLY, IN THE 1996 FLICK *JERRY MAGUIRE*.

Kelly Preston

Thirteen years after John first took notice of a young, pantsless Tom in his breakthrough 1983 hit film *Risky Business* (far left), Tom found himself shirtless, as well, and entwined with Kelly Preston — John's wife of five years — when they filmed *Jerry Maguire*. Tom starred as a cutthroat sports agent, and Kelly played his ex-girlfriend, an NFL press rep. "Tom would tease me and say, 'I'm gonna take the videos of this scene home and have a party with the boys,'" Kelly recalls.

and sweat-fest may have been the Delphian School, an exclusive Scientology-run education center for primary grades through high school. The 800-acre campus in Sheridan, Ore., is set in wooded hills 50 miles southwest of Portland.

John reportedly first became involved with Scientology while filming the horror flick *The Devil's Rain* in 1975. But while it has long been accepted that Tom was first introduced to the controversial religion in the late '80s by his first wife, actress and longtime Scientologist **Mimi Rogers**, the source tells *Star*, "I have no doubt that John had already tried to recruit Tom earlier, during their week together in Oregon."

Tellingly, **Isabella Cruise** — Tom's now 22-year-old adopted daughter with second wife **Nicole Kidman** — reportedly attended the Delphian School. "It seems like Tom made quite a connection with the facility while he was there," the source adds.

#### BEHIND-THE-SCENES BONDING

Given their standing within Scientology and in showbiz, it's interesting that Tom and John haven't spent more time together publicly (although insiders have said the duo would be "unlikely friends" if it were not for their shared religious beliefs). Tom did travel to Mexico in 2004 for John's

## THEY'VE BOTH ENDURED GAY RUMORS

Both John and Tom have been the subject of gay rumors over the years — the most damaging for John being the recent public claims by Doug Gotterba that he had been John's lover for six years, after the actor hired him as a pilot in 1981. John's legal team has recently been battling Gotterba over his plan to publish a tell-all book. In 2001, Tom filed a lawsuit against gay porn actor Chad Slater over his claim in a magazine that he and Tom had a "romantic encounter." Chad later admitted that he'd never met Tom.

50th-birthday bash, and both of them were on hand at the dedication of a new Scientology building in Florida in 2013.

John was also the on-stage presenter in L.A. in January 1997, when Tom

won a Golden Globe for Best Actor for his performance in *Jerry Maguire*. The opening minutes of the film famously include a wild, nude sex scene between Tom and his costar **Kelly Preston** —

John's wife! "That made for an awkward atmosphere during the awards," the source close to John tells *Star*. "While Tom and John sat next to each other at their table talking, there was little interaction between Kelly and Tom's then wife, Nicole Kidman, who looked particularly uncomfortable."

About Tom and Kelly's sex scene, John has stated publicly, "Look, I know it's acting. I know Tom, he's a friend. And I know that Kelly loves me. But it's really hard to watch your wife in that situation." However, the source claims: "I don't think John was bothered by it at all. And I wouldn't be surprised in the least if he actually got a thrill out of watching them!" ★

## John & Kelly's "SHOTGUN" WEDDING

Dad-to-be John proudly patted Kelly's tummy after they tied the knot at their September 1991 wedding in Paris. Kelly was two months pregnant at the time with their son Jett — who died tragically in 2009 at age 16 after suffering a seizure.

## X-RATED ROMPS FOR A-LISTERS

So what goes on at Killing Kittens parties? "The first part of the evening is filled with 'entertainment' designed to put the guests at ease," says regular partygoer Tereza Placha. "This may be a cabaret performance or a rope bondage workshop — it all depends on the type of party. After the entertainment, guests mingle, talk and drink — this is where the real entertainment starts, and what may look like your normal evening dinner soiree soon turns into a much more debauched affair."

**S**HE'S a fit, fun-loving mom who devotes a lot of her time to charity. But while **Duchess Kate's** good friend **Emma Sayle** may seem to have a lot in common with the Duchess on the surface, her X-rated day job is making the royal family crazy!

Emma is the founder and CEO of Killing Kittens — a highly successful sex party business that caters to the rich and racy. For \$250 a couple (\$100 for single women), guests at Emma's high-end romps are treated to a night of champagne, oysters and anonymous sex in discreet, upscale boutique hotels and rented luxury penthouses. The business is a huge hit, with regular parties in London, L.A. — and a New York City branch opening soon. But while Emma claims that Kate finds her job interesting and “funny,” **Queen Elizabeth** sees it as no laughing matter. “This is yet another reason why the Queen can't stand the Middletons,” says a royal insider. “The Queen thinks it's so embarrassing that Kate would associate with someone like Emma.”

#### KATE IS “FASCINATED”

For her part, Kate doesn't understand why the Queen would care about her friendship with Emma. According to the insider, she sees the 36-year-old as

a successful businesswoman, much like her parents, **Carole** and **Michael**, who run the decidedly G-rated event business Party Pieces. “She really doesn't see what the big deal is,” says the insider, who points out that Kate is in no way associated with Killing Kittens. “She and Emma have been friends for years, and she refuses to end their relationship just because the Queen doesn't like it.”

Indeed, Emma and Kate, 33, have traveled in the same circles since their childhoods, having both attended the prestigious Downe House school near Berkshire, England. They became close friends in 2007, after Emma invited Kate to be a member of her charity rowing team, Sisterhood — and have frequently been seen together ever since. Both are moms — Emma has a 5-month-old son with her fiancé, Olympic field hockey player **James Tindall**. And they clearly enjoy each other's company. Unashamed of her business, which grossed \$1 million last year and boasts more than 43,000 members worldwide, Emma says she never tried to keep it a secret from the Duchess. In fact, she says Kate is “fascinated” by the idea of Killing Kittens. “Most girls are fascinated by it.”

#### BAD TIMING

With the launch of Killing Kittens' NYC branch with a luxe sex party on March 14, Emma's business — and her friendship with Kate — is getting more publicity than ever. Numerous pictures have surfaced of the Duchess laughing it up with the “sextrapeneur.” And the ads for the NYC party cheekily play up the palace connection, claiming the new branch will “reignite royal fever” in Manhattan.

And, as far as the monarchy is concerned, it couldn't come at a worse time. With **Prince Andrew's** underage sex scandal continuing to swirl, the Queen had hoped the birth of Kate and **Prince William's** second child could provide a welcome, happy distraction. But now, the Queen fears that too will be ruined. “She was furious after learning of Kate's link to such a trashy business,” the insider says. “This is the last thing she needs. She keeps urging Kate to distance herself from Emma. But Kate doesn't like being told what to do.” ★

#### It's How They Row

Physical fitness is one of many interests shared by Kate and Emma, who met in 2007 during a rowing event for charity. “They've been friends for years,” says an insider. “They really get along.”

## OUT OF CO

ROWDY  
RAPPER

**“Chet can’t afford to let himself backslide to where he was before!”**

— a source tells *Star*

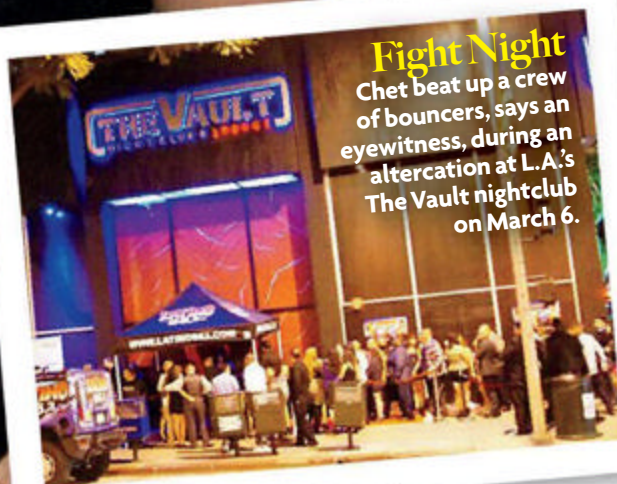

It was just four months ago that Chester “Chet” Hanks, the 24-year-old son of Tom Hanks and Rita Wilson, bravely went public with an Instagram posting about going into rehab for his eight-year battle with substance abuse, as *Star* exclusively reported. “With 50 days of sobriety under my belt, I can honestly say I’m the happiest I’ve ever been,” Chet — an aspiring rapper who goes by the stage name of Chet Haze — proudly reported at the time. He added: “I’ve been blessed with the programs of [Alcoholics Anonymous] and [Narcotics Anonymous], which allow me to rise above this disease.” An insider told *Star* at the time that Chet had been struggling with booze and cocaine addiction, and that he’d entered a sober-living facility.

Sadly, it seems his sobriety may have been short-lived. An eyewitness tells *Star* that an “out of it” Chet went crazy recently at the center of a huge fight in an L.A. nightclub — and now his friends and family are worried that he’s gone back to his self-destructive habits.

### FISTS OF FURY

According to the eyewitness, Chet and some pals arrived at The Vault nightclub on the evening of March 6, and it wasn’t long before he got into trouble. “Chet

was drinking beer and liquor and screaming at people; he seemed really wild-eyed,” says the eyewitness. “Then some guy bumped him and all hell broke loose. Chet was throwing punches at the guy for 30 seconds when a group of big club bouncers

ran over to him. Chet went berserk — he smashed one bouncer in the face with his head, kicked another one in the chest with his boots, and elbowed another in the skull. He beat the crap out of all of them!

“Then the owner of the club came out of a back room to confront Chet — and at that point, Chet cursed him out, then shouted, ‘I am the future of Hollywood! I’m done here!’ Then he literally walked backwards out of the club.”

But Chet’s night wasn’t done. He showed up at another venue, Project Los Angeles, at around 1 a.m., “with his shirt

ripped, and looking intoxicated,” another eyewitness tells *Star*. “He managed to make his way up to the DJ booth, but he was eventually escorted out by security after he jumped onstage and tried multiple times to grab the microphone while rapper Machine Gun Kelly was performing a set.”

## PARENTAL PROBLEMS

As *Star* recently reported, his father Tom’s “cold, controlling behavior,” according to a source, has contributed to tension in the Hanks household — between Tom and Rita and Tom and Chet.

“Tom obviously would do anything for his son,” says the source. “But sometimes he’s taken a tough-love approach that

**Band Of Brothers**

Noah says he wouldn't trade his days in the military, because "it's a family that you become part of."

**Fatherhood Comes First**

Noah is devoted to his kids, Colston (left), from his first marriage, and Jack (top) and Rian (right), from his second.

# THE **Waltzing** WARRIOR

SERVING HIS COUNTRY LITERALLY COST NOAH GALLOWAY AN ARM AND A LEG, BUT HIS DANCING WITH THE STARS RIVALS BETTER WATCH OUT: THIS GUY FEEDS ON CHALLENGES.

**N**EARLY 10 years ago, Birmingham, Ala., native **Noah Galloway** was a sergeant in the 101st Airborne Division, serving his second tour in Iraq, when an IED exploded near his Humvee. Five days later, he awoke in a military hospital to learn that he was missing his left arm from above the elbow and his left leg from above the knee. After initially masking the pain by drinking, smoking and sleeping all day, Noah finally turned his life around by becoming a personal trainer and motivational speaker, who regularly runs 5K and 10K races, often dressed in a kilt. The inspirational soldier tells *Star* in an exclusive interview that he is always willing to put himself to the test — and now that means learning how to dance.

## Why did you want to be on *DWTS*?

I thought, “I don’t see why not!” I have no background in dancing, but I like to take on as many challenges that I can, especially with my injuries. It’s important for me to see what I can accomplish.

## You are partnered with Sharna Burgess. How has she helped you?

If I do dance well, it’s all credited to

**Now The Star**  
Famous friends like **Brian Dennehy** have been inspired by Noah’s recovery. “I am always trying to adapt and overcome,” he explains.

**Sharna.** A lot of people bring up [former *DWTS* contestant and amputee] **Amy Purdy**. She is amazing, but I’m above the knee. Having a knee and having a prosthetic from the knee is very different than what I am working with. Sharna has adapted to that perfectly.

## You are training in Alabama. Why?

I made it clear that I would not move out to Los Angeles. I didn’t want to be away from my children for too long. When they said that Sharna would move out to Birmingham and I could fly back and forth, well, I said I could deal with that.

## Who is the toughest competition?

I don’t think it’s fair to look at anyone else as competition, because I still need to learn how to give a performance. The cast is amazing. The first day I really hit it off with **Suzanne Somers** and **Robert Herjavec** from *Shark Tank*.

## Are your kids excited about seeing you perform on the show?

They are! My 7-year-old told me he was excited to get on there and dance. I was like, “Nope, this is more for me, not for you. But I like your enthusiasm.”

## Was it hard to be active again after your injuries?

It was a struggle, definitely. It took me a couple of years to realize that I could do something with what I had left.

## What might surprise people about you?

My girlfriend will sit down and watch *Rambo*, but I’d rather watch *The Notebook*. I like something that’ll make me cry.

## What’s your ultimate goal?

I want to be able to motivate others, whether they have a disability or not. I’ve had a lot of parents with children who are born with disabilities tell me that I have helped them. Being able to use this platform to spread my message is absolutely incredible. — **LACY LOONEY** ★

**No Excuses**  
Instead of using a prosthetic arm, Noah says he quickly learned to do everything he needs to with one hand. “Now I see my kids do things with one hand,” he says. “They’ve seen me do it all their lives.”

# Giuliana's NEW LOW

THE *FASHION POLICE* STAR DEBUTS A GAUNT, "UNHEALTHY" NEW LOOK JUST AS HER CAREER HITS A CRISIS.

**S**MILING on the red carpet for Australia's ASTRA Awards in Sydney on March 12, **Giuliana Rancic** had fans doing double takes. "My jaw dropped when I saw her," says an eyewitness. "She didn't look like herself. Everyone usually focuses on how skinny she is, but this time everyone was buzzing about her face."

Indeed, Giuliana's once beautiful visage has shifted so drastically, many were wondering if she had gone under the knife. But Saratoga Springs, N.Y.-based plastic surgeon Dr. Jeffrey Ridha isn't so sure. "From a professional standpoint, it doesn't look like she's had any surgery," Dr. Ridha tells *Star*. "Her cheeks are extremely prominent, which could be the result of fillers... but I think most of what you're seeing is due to her weight."

The 40-year-old cancer survivor has come under fire in recent months for her skeletal frame, and while she has downplayed the topic in interviews, friends are concerned that Giuliana's health may be at risk — especially given the extreme stress she's been experiencing lately. Her career began to spiral in February amid the fallout surrounding a "disrespectful" comment she made about teen star **Zendaya's** dreadlocks on the *Fashion Police's* post-Oscars episode.

There may be trouble at home too, with husband **Bill Rancic** reportedly pressuring her to move to Chicago. "And Bill isn't helping much when it comes to Giuliana's weight," says a concerned pal. "He needs to step up and realize his wife is in trouble. Everyone can see she needs to gain weight. He should be making that his priority, before it's too late." ★

## NOW

"I couldn't believe how different her face looked," says a fan who saw Giuliana in Sydney. "It was scary to see in person."

## THEN

Back in 2004, Giuliana was named on *Maxim* magazine's list of the 100 hottest women of the year.

## KATHY'S OUT TOO!

First, **Kelly Osbourne** announced she was leaving *Fashion Police*. And now **Kathy Griffin** is departing the program after just seven episodes, citing creative differences with the show's producers. "There is plenty to make fun of in pop culture without bringing people's bodies into it," she noted, possibly in a veiled jab at Giuliana (both Kathy and Kelly publicly criticized the E! host following her **Zendaya** comments). In fact, insiders say that Kathy had stopped talking to Giuliana before she quit. And now, after losing its biggest stars, *Fashion Police* is in danger of being canceled — which has Giuliana terrified for her career.

\*TV\* Movies \*Books\*

**I**N the postapocalyptic blockbuster series *Divergent*, **Shailene**

**Woodley's** character, Tris, is so special she's the object of a civil war. Now, as the second film, *Insurgent*, is set to hit theaters, Shailene, 23, continues to embody the multit talents of Tris.

She's played a young mom in *The Secret Life of the American Teenager*, a cancer survivor in *The Fault in Our Stars* and butt-kicker in this futuristic franchise. Shailene spoke about taking on Tris again and being an advocate for women.

**What do you think fans of the *Divergent* series most relate to?**

When you're a teen, you discover yourself for the first time, compare yourself to others and try to find your identity. And that never really goes away as an adult. It just morphs into other insecurities.

**Do you have any insecurities?**

Of course, but they change every day. Insecurities keep you humble. How you choose to handle them is what's important.

**What's the major theme of the movie?**

Strong people try to influence Tris. She listens to all of them, but at the end of the day she honors her own integrity and listens to her own voice. And that's how it should be. Being yourself takes a lot of guts.

**You've been outspoken about female empowerment. Why?**

It's important for women to honor and respect other women. Instead of competition and ego, we should embrace each other. It's powerful and will shift things in the world.

**How did it feel to cut your hair?**

It was pretty intense, but it felt right. It felt very empowering. I do miss my long hair at times, and I am growing it back. But I like the short hair as well! ★

"It's wonderful to reunite with someone you feel comfortable around," Shailene says of costar Theo James. "When you feel emotionally connected, it's the best thing in the world."

# Shailene Woodley

Don't let her smile fool you — in the new film *Insurgent*, the young actress plays an unstoppable warrior!

### → DANNY COLLINS

**Al Pacino** is loose and funny playing an aging rock star trying to find some meaning in his life. Now in the “greatest hits” phase of his life (and still making big money), Danny longs for the career he didn’t have: as a singer-songwriter of personal tunes, rather than simply performing someone else’s pop hits. A startling birthday gift launches him on a quest to act like a father to the grown son (**Bobby Cannavale**) he’s never met. The moving comedy hits the sweet spot, avoiding clichés to get emotionally charged, character-based humor. **Jennifer Garner** is tough and witty as Cannavale’s wife, **Christopher Plummer** finds laughs as Pacino’s worldly manager and **Annette Bening** shines as a suburban New Jersey hotel manager who becomes the object of Danny’s affections. But it’s Pacino who carries the soul of the film.

**LONG STORY SHORT:** A comedy that sidesteps formula with heart and humor. ★★★★★

# MOVIES

### → GOING CLEAR

Premieres Sunday, March 29, at 9PM on HBO  
Oscar-winning director **Alex Gibney** (*Taxi to the Dark Side*) takes an in-depth look at the Church of Scientology. He talks to former believers, who discuss their discovery of and eventual disillusionment with the religion. Founded by late science-fiction author L. Ron Hubbard, Scientology promises to help followers “get clear” — shed themselves of the fears that keep them from reaching their true potential. Yet the stories of mental abuse and persecution of those who leave are as odd as the faith’s origin story — involving aliens from another galaxy. Gibney also examines the way the church uses its most prominent member, **Tom Cruise**, to push its own legitimacy. It’s fascinating, comprehensive and a little scary. ★★★★★

### → THE GUNMAN

**Sean Penn** goes the **Liam Neeson** action-movie route, even working with the director of *Taken*. Penn plays a former mercenary, now an international aid worker in Africa, whose past deeds come back to haunt him: A few years earlier, he was involved in the assassination of a cabinet minister in the Congo; now he and his accomplices on that job are being hunted down and killed. Why? The answer isn’t particularly surprising, nor is the plot as exciting as it needs to be. Penn, exceptionally buff at 54, is impressive in the action scenes. But this tale of lost love — involving rival **Javier Bardem** and **Jasmine Trinca** — never feels real. Look for Tony winner **Mark Rylance** as one of Penn’s former running mates, though he’s wasted in this role. As for the *Taken* connection, this makes that film look like a classic.

**LONG STORY SHORT:** Penn isn’t mightier than a sorely clichéd story. ★★★★★

## LEO

JULY 23–AUG. 22

Life is hot and happening in more than one area, so keep the schedule flexible. When an opportunity knocks, you should move quickly. It's not all about work; love demands your attention too.

## VIRGO

AUG. 23–SEPT. 22

A discussion with a mate about your future highlights possibilities. Your wallet gets an injection of cash, but don't take big risks; instead, focus on the big picture.

## LIBRA

SEPT. 23–OCT. 22

You have choices, and although life may seem chaotic, there's a lot of excitement, too. Be careful not to let family overshadow you — take control and make a decision, even if they don't agree.

## SCORPIO

OCT. 23–NOV. 21

If you're single, start composing your love list to invite romance into your life; what you do and don't want, and what you can compromise on. A discussion with someone close about a sensitive matter can set things back on the right path.

## SAGITTARIUS

NOV. 22–DEC. 21

Love can get your attention with a passionate and electric connection you can't ignore. Someone at work can give you a helping hand to move forward with a project — say thank you!

## CAPRICORN

DEC. 22–JAN. 19

Surround yourself with those you love and respect. True friends can be scarce, but those you have are loyal. Family, and those you call family, are there for you now. Looking for love? You want **unconditional love; don't settle for less.**

## AQUARIUS

JAN. 20–FEB. 18

A relationship is a two-way street and needs to be beneficial to both parties. You don't want to take advantage or be taken advantage of. Spruce up your personal image; you just never know when love will come looking for you.

## PISCES

FEB. 19–MARCH 20

Anything can happen now — make a wish! However, it's important to keep an optimistic outlook. A discussion at work can result in more cash in your back pocket. And a heart-to-heart with someone special can result in romance.

# TAKE-A-BREAK

THE PUZZLE PAGE THAT'S FUN FOR ALL!

## What your closets say about you.

Take this quiz to discover personality secrets stashed behind closed doors.

- Which colors dominate your wardrobe?  
(a) Pastels. (b) Darks and neutrals.
- Do you perfume your closet area?  
(a) Not unless it needs it. (b) Yes, I especially love odor eliminators.
- What important item would you put in an attic for safekeeping? (a) Old clothes or memorabilia. (b) A safe for valuables.
- If someone opened your closets, they might think: (a) This needs organizing. (b) Wow, nice!
- Groceries are put away: (a) Wherever there's room. (b) Where each item belongs.
- Would you carpet a closet? (a) It doesn't matter to me. (b) Yes, if it feels more cozy.
- The hangers you use are: (a) Whatever is handy — usually free wire hangers. (b) Usually padded.

### SCORING

**MOSTLY A:** When it comes to neat closets, your carefree, informal style opens doors. Your philosophy: Leave it for a rainy day! This habit may reveal that you're a person who's very good at keeping secrets. There's a bit of chaos going on behind closed doors that you prefer to ignore.

**MOSTLY B:** A perfectionist, you value possessions and take good care of them. Just like the contents of your closets, you like to be in control of things. Success and what people think of you are important priorities, so you clean your life of unnecessary burdens. Your biggest pet peeve may be people who lack discipline and direction.

It feels so good. I'm happy all the f\*\*king time. Seriously, without yoga and working out, I'd be a mess," he tells MF. "My problem is, I never want to go to sleep, because I'm too stoked to be alive. I'm always like, Yeah! I'm in bed, but I could be doing something awesome right now." Adam is branching out to one of those new awesome things by getting into the fashion business and creating a new clothing line, the Adam Levine Collection, sold exclusively at Kmart. ★

ANTI-AGING {Special} |

# DOES A TRUE ANTI-AGING SOLUTION ALREADY EXIST?

*Everyone's talking about it. But can it really reduce body fat, increase lean muscle mass, boost mood, heighten sex drive, give you plenty of energy, get rid of wrinkles and tighten saggy skin?*

**BELIEVE** it or not, the irresistible benefits of this anti-aging breakthrough were first touted in the scientific literature back in 1991.

In 2006, *60 Minutes* ran a story singing its praises. Magazines and beauty experts have been hinting about it for years. And the lineup of A-list celebrities, athletes, and high-powered Wall Streeters who've become "devotees" has exploded. So why does everyone keep talking about this "Fountain of Youth" like it was just discovered yesterday?

In a word... AGING! People everywhere have finally stopped pretending they're okay with growing old gracefully, and they're doing everything they can to hang on to their youth. Maybe that's why, in its "Anti-aging Special" issue, *Allure* magazine highlighted this "Fountain of Youth" as its year-end shout out. It's called human growth hormone, or hGH. And it just might change your life.

“

**Shape Magazine** says:

*When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren't the only things responsible for her youthful glow."*

**ANTI-AGING {Special}**

**Dr. Oz says: “I have been searching for this from the day we started the show. I’ve been looking for ways of increasing hGH naturally because I don’t like getting the injections.”**

**Why all the fuss?**

Simple. hGH disciples... and to many, hGH therapy is truly a religious experience... believe hGH can help reduce body fat, increase lean muscle mass, boost mood, heighten sex drive, give them plenty of energy, get rid of wrinkles and tighten saggy skin... making them look and feel decades, not years, but decades younger. There’s no doubt about it; in our current fast-paced, “youth-oriented” culture, hGH therapy is finally going mainstream.

**The controversy**

The controversy isn’t so much over whether or not hGH plays an essential role in our health and aging (virtually everyone already agrees on that). Instead, the controversy lies in the best way to maintain our body’s supply of human growth hormone. Until recently, most felt the best way was through expensive prescription injections (although costs can run as high as \$1500 per month). However, some experts argue against the use of these synthetic injections, because they fear introducing synthetic hGH into the body may upset natural hGH production.

**The solution**

Because of growth hormone’s potential, researchers have spent the last thirty years searching for a reliable, clinically proven way to promote pituitary health, thereby

stir. And when it appeared at The Academy of Women’s Health’s 21st Annual Congress in Washington, D.C., the 9th World Congress of Cosmetic Dermatology held in Athens, Greece, and then again at the most recent meeting of the Obesity Society in Atlanta, Georgia, a skeptical scientific community was finally forced to take notice.

***hGH isn’t all about building muscle and enhancing athletic performance. The faithful believe it’s about getting rid of wrinkles. It’s about tightening saggy skin. It’s about enhancing your energy and mood, burning fat, and improving your sex life. In other words, it’s about looking and feeling young.***

**The revolution**

The formula that was the subject of these research findings is now being sold by SanMedica International™ under the trade name SeroVital®. And when Dr. Oz disclosed that “a recent study [on SeroVital-hgh] showed patients given a special blend of amino acids saw their hGH levels increase more than 6 times...”

formula – in stock. It went from underground sensation to full-blown phenomenon. Even the United States Patent Office has added to the SeroVital frenzy by issuing 10 U.S. Patents protecting the SeroVital formula from imitators.\* Thanks to the release of SeroVital, the hGH revolution is exploding. Now that there’s an easy-to-swallow capsule

that can raise growth hormone naturally, an awful lot of people have stopped asking *if* they should be increasing their hGH levels and started asking which hGH-boosting option is right for them.

**Is it worth it?**

To me, anything that may reduce wrinkles, tighten saggy skin, decrease body fat, increase lean muscle mass, strengthen bones, and boost mood, while giving you plenty of energy and improving sex drive, is a no-brainer. However, make no mistake about it, the “established” medical community (and of

course, they know everything) would say its benefits are largely anecdotal, and based on research that’s preliminary. But there’s no denying that something that has a chance of making you look and feel decades, not years, but DECADES, younger, is... at the very least... irresistible. Frankly, I’m ready to try it. How about you?

**SO WHAT’S THE CATCH?**

There are three. First, as with hGH injections, SeroVital is not a “magic bullet,” but one part of a healthy lifestyle choice including a sensible diet and exercise regimen.

Second, for proper absorption, you have to take SeroVital on an empty stomach. That means you either have to take it first thing in the morning and then not eat anything for two hours, or take it at night, at least two hours after your last meal... before you go to bed.

And last but not least, while SeroVital is far less expensive than prescription hGH injections, it’s still not cheap... SeroVital will cost you about \$100 a month.

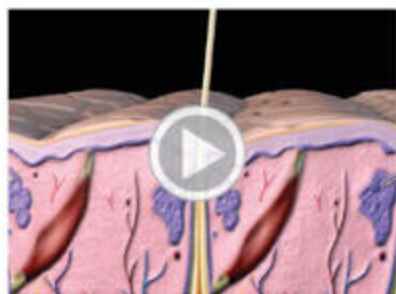

**WHERE CAN I GET IT?**

Having a hard time finding SeroVital? It’s currently available at all Ulta, Kohl’s and select GNC locations. Over the next few months it will be available on a limited basis at prestige retailers across the U.S.

**Featured Product!**

Can’t wait? You can order it directly from SanMedica International by calling 1-800-657-7401 or visit their website at [www.SeroVital.com](http://www.SeroVital.com). Use the promo code YOUTH17 at checkout and shipping is free!!

increasing human growth hormone levels naturally. So it’s no surprise that when an oral compound capable of increasing mean, endogenous, bioactive, serum (blood) growth hormone levels... by 682%... was first presented at the prestigious Obesity Society’s Scientific Meeting in San Antonio, Texas, it created a serious

and added, “I have been searching for this from the day we started the show. I’ve been looking for ways of increasing hGH naturally because I don’t like getting the injections,” you can imagine the frenzy he created. Before long, SanMedica was having trouble keeping SeroVital – with its highly specialized, unique amino acid

## \* FUNNIEST JOKE

While introducing Matthew Broderick as one of the four recipients of the 2015 Guild Hall Academy of the Arts Lifetime Achievement Awards in New York City on March 9, Martin Short poked fun at his pal, saying that Matthew resembles a "bouncer at a lesbian bar."
